

Delta Hotel  
Designer: Atwater Inc.  
Shown: details™ D03

**description**

details™ series feature repeating geometric patterns to create a distinctive designer ceiling at an affordable price. Perfect for contemporary interiors, details™ scoring designs unite with the narrow grid system to create a monolithic visual in which the grid virtually disappears. Available in a variety of colors and styles, details™ decorative acoustical ceiling tiles bring distinguishing qualities while offering the ease and acoustical benefits of a tee-bar grid ceiling system.
