

Office Space in Madison, WI  
Shown: Deco Coffers Squares & Circles

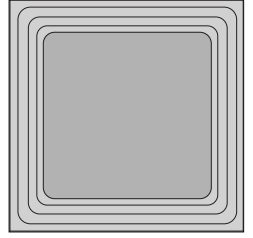

## description

frameworks™ acoustical coffers feature triple-step interior edge to enhance illusion of depth; while the mineral fiber frames add sound absorption. frameworks™ open cell coffers maximize versatility as they can be paired with virtually any color insert panels to create monolithic or contrasting effects. For a luminous ceiling, acrylic lenses may be used as an insert panel. Combined with matching border panels, frameworks™ systems allow infinite designer ceiling possibilities.
